I hereby request a conservation incentive grant to address the concern or need described above. I agree to bear at least _____ of the cost of installing the requested practice as designed by the designated technician. I certify that I am not receiving duplicate conservation incentive money from any other Agency/District except as may be allowed by the District and that I will not destroy any practice installed under any program where maintenance requirements exist. I agree to maintain the practice listed herein for at least _____ year(s) following the year the practice is completed. It is agreed that I may withdraw this request at any time prior to receipt of the conservation incentive grant for this practice.
